Misses Sallie and Dorothy Edens visited Miss Ella Belle McConnell last Sunday.

Prof. Burns of Cedar Mountain, N. C., will teach a 10-day music school at Mt. Tabor Baptist church, beginning about the first of August. Mr. Burns is well recommended to us and we hope he will teach a good school.

The people of this section are feeling thankful for the beautiful, refreshing showers that have been visiting them since the 4th of July. Everything seems to have put on new life and the crops look much improved.

The summer term of public school opened the 13th of July at the Jones school house, with Miss Alma Jones of Oolenoy as teacher. Miss Jones comes highly recommended to us and we hope she will teach us a good school.

The young people enjoyed a delightful entertainment at the residence of Mr. J. D. McConnell on Saturday evening July 11th. The music was furnished by Mr. L. B. Williams with the violin and Mr. Ben. P. Crenshaw with his banjo.

Mr. and Mrs. J. M. Turner paid a visit to Mr. Henry M. Looper of Dacusville last Sunday. Joe says Henry sure has a fine crop of cotton and corn, considering the dry weather, but of course, but of course Henry is a hustling farmer, anyway.

Well, farmer we haven't enrolled yet, but when we get our cotton plowed we will try to attend to this important matter so that we can give the numerous candidates what they so much desire of us, namely, our votes; and then some of us may vote for Cotton Smith, too; can't tell yet.

PROGRESSIVE.

In his Independence Day address at Philadelphia, President said this, among other things: "My dream is this, that as the years go on and the world knows more and more of America it also will bring out this fountain of youth and renewal, that it will also turn to America for those moral inspirations that lie at the base of human freedom, that it will never fear America unless it finds itself engaged in some enterprise inconsistent with the rights of humanity; that America will come to that day when all shall know that she puts human rights above all other rights and that her flag is not only the flag of America, but the flag of humanity."

History of Old Pickens District In Installments

By N. B. CAREY

IN the year 1826 Pendleton District was divided into Anderson and Pickens Districts, the former named in honor of Gen. Anderson and the latter in honor of General Pickens, both revolutionary heroes. Pickens District embraced the territory now known as Oconee and Pickens counties, bounded on the east by Greenville district, on the south by Anderson district, on the west by Tugaloo river, and on the north by the Georgia and North Carolina state lines.

For Pickens district a county site was located twelve miles from where Walhalla now is, fifteen miles from the present Pickens C. H., ten miles from Seneca, six miles from the confluence of Little and Keowee rivers, and ten miles from Clemson College. A substantial court house was erected on an eminence overlooking the crystal waters of the meandering Keowee.

The nearest town was what is old Pendleton, and was inhabited by wealthy, cultured and refined people, many of whom have been distinguished in peace and war.

In those days most of the traffic by the farmers of this section was done at Hamburg, whither they transported by wagon their surplus produce, consisting chiefly of tobacco, and sometimes "corn juice," which they exchanged for sugar, salt and molasses.

Very little cotton was cultivated and no commercial fertilizers were used. Lenses and agricultural mortgages were unknown.

The country was sparsely settled, but those who were here made their supplies at home, raised their own cattle, mules, horses and sheep; nothing imported from the west, as now.

Then there was no great Southern railway, no Walhalla, no Westminster, no Seneca, no Newry, no Clemson College, no

Central, no Liberty, no Easley, and no New Pickens C. H. with their magnificent churches, splendid schools, flourishing cotton mills and other industries.

Such a thing as "store clothes" were almost unknown. The spinning wheel and the old-time loom, manipulated by the nimble fingers of our grandmothers, converted into cloth the fleece of native sheep, dyed with native herbs, out of which our garments were hand-sewed before the invention of the sewing machine, that great blessing to women. Our shoes for the most part were made of home-tanned leather, with maple pegs. All our socks, stockings and gloves were the product of the knitting needles.

When I think of all this I wonder how those good old ladies found time to do so much and perform their other domestic duties. I also wonder how many of our sweet college graduates would know what to do with a spinning-wheel, old-time loom and knitting needles, to say nothing of preparing a meal with the utensils then used, for they had no range or cooking stove.

The first clerk of the court for Old Pickens District was William L. Keith, who held the office for 28 consecutive years and died in office. He was the father of our brilliant W. C. Keith, and four other sons, Thomas, Marvin, Elliott and John, all of whom are dead.

The second and last clerk of court was James E. Hagood, who held the office until the division of the district in 1868. Mr. Hagood was a very popular man and was never defeated for any office. He was for many years clerk of the United States District court for South Carolina. He was the father of W. M. Hagood, banker of Easley, B. A. Hagood, prominent lawyer of Charleston, and James, successful business man at Easley.

Surprising Cure of Stomach Trouble

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything I want." For sale by all dealers.—Adv.

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cods' livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Pickens Drug Co. Pickens S. C.

Wasn't a Ghost.
 The Irishman was relating to some friends in Glasgow how one night on retreating to bed he fancied he saw a ghost, and having a revolver handy he fired at it. Next morning he examined the object he had shot and discovered it to be his shirt.
 "What did you do then?" exclaimed one of the company.
 "Bedad, I just thanked heaven I wasn't inside av it," replied Pat.

What He Said.
 "I don't see why you object to woman suffrage. Before we were married you said you'd go to the ends of the earth for me."
 "No, I didn't. You misunderstood me."
 "I did not."
 "You certainly did."
 "What did you say, then?"
 "I said I'd go to the polls for you."

NOW, THEN!

"I suppose your sister has forgotten me, hasn't she?"
 "I guess not."
 "Why, does she ever speak of me?"
 "Sure. Only this mornin' she spoke of how lucky it was she shook you when she did."

CAROLINA MAN WITH PUZZLING STOMACH DISEASE WINS RELIEF

W. R. Davenport of Parker Better After First Dose of Remedy.

W. R. Davenport of Parker, N. C., long suffered from a peculiar malady of the stomach. He sought treatment with but little relief. At times it seemed that he would have to give up hope.

He took Mayr's Wonderful Stomach Remedy and found immediate benefit. He wrote: "For years I have suffered from a disease which puzzled doctors. They termed it catarrh of the stomach, saying the only hope would be a change of climate, and that in all probability I would never get well. Then I heard of your remedy. One trial bottle gave me instant relief. It made me feel like a new man. Your full course of treatment has about cured me. Several of my friends have also been cured." Thousands of others suffering from

maladies of the stomach have found relief as quickly as Mr. Davenport did. This remarkable remedy is known all over the country. The first dose proves—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucous accretions and removes poisonous matter. It brings swift relief to sufferers from stomach, liver and bowel troubles. Many say it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitations, so be cautious. Be sure it's MAYR'S. Go to Pickens Drug Co. and ask about the wonderful results it has been accomplishing in cases they know of—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free booklet on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.—Adv.

Announcing The New Typewriter OLIVER No. 7

WE ANNOUNCE AN AMAZING MODEL—THE OLIVER No. 7, a typewriter of superexcellence, with automatic devices and refinements that mark the zenith of typewriter progress. A marvel of beauty, speed and easy action. Typewriting efficiency raised to the nth power.

The OLIVER No. 7 embodies all previous Oliver innovations and new self-acting devices never before seen on any typewriter. A leap in advance which places The Oliver ten years ahead of its time. So smooth in action, so light to the touch, so easy to run, that experts are amazed. A model that means to the typist delightful ease of operation.

A model that means a higher standard of typewriting, longer and better service.

The No. 7 is now on exhibit and sale at all Oliver Branches and Agencies throughout the United States.

The new model has more improvements, refinements and new uses than we can even enumerate here.

The "cushioned keyboard" with "anchored keys" and the new automatic features make it a work for the hands, less strain on the eyes, less manual and mental effort.

With all of these masterly mechanical improvements we have made the machine more beautiful and symmetrical. From every standpoint THE OLIVER No. 7 attains superlative excellence.

Nothing you could wish for has been omitted. The new devices, refinements, improvements and conveniences found on the No. 7 represent an enormous outlay and vastly increased cost—the first to introduce automatic method of operation.

It is a significant fact that the typewriter that introduced such epoch-making innovations as visible writing, ball-bearing, Printype, etc., should be the first to introduce automatic method of operation.
